About us

Around and About is a family business established in June 2004. We specialise in bus group day tours and extended tours throughout Melbourne and Victoria.

We offer you a truly unique touring experience as we take you exploring throughout the many interesting and exciting places Victoria has to offer.

We operate small 11 passenger seat vehicles. For groups larger than 11 passengers, we make use of multiple vehicles. By using small vehicles, we are able to get to places that larger buses and coaches can't access. It also means that we can give our passengers more attention, making their tour more enjoyable.

We leave early in the morning, so we stay ahead of the traffic and all the other tour buses.

Reviews

Walter, our driver and guide, was excellent. He knows the area well and was able to show us many of its secrets. Highlights were the Twelve Apostles, the Otway National Park Treetop walk, the beautiful beaches and a visit to a chocolaterie and a lighthouse.

Walter's timing was spot-on (an early start every morning meant we arrived at each beauty spot before they were crowded) and as a result there were plenty of opportunities to admire stunning views from look outs in addition to the highlights mentioned above. Very welcome were the hot drinks, cakes and fruit that water served each morning, all included. There were also options for a helicopter flight and a zip line experience in the forest. Overall we were very happy with our trip, which we would unhesitatingly recommend.

Healesville Sanctuary Tour. What a fantastic day visiting this secluded animal sanctuary. Our driver was on time, very polite and accommodating when my daughter asked for a quick pit stop.

Fantastic trip with Around and About and Garry! It is a fantastic experience to travel with Around and About, and Garry is a super nice guide. This tour covered all main scenes along the Great Ocean Road, and also included beautiful spots that are not known by everybody. When we completed the tour, we forgot a bag on the van, Garry sent it back to us almost immediately on his own motorbike. We really appreciated that.
